SUMMARY

Tier 2 IT Support Analyst with 6 years of desktop support experience across regulated healthcare, education, government, and corporate environments. Deep hands-on expertise in Microsoft 365, Windows 11, Active Directory / Azure AD (Entra ID), Intune, and SCCM, with a strong record in onboarding/offboarding, hardware lifecycle management, software deployment, and conference room technology. Experienced supporting executives and VIPs in confidentiality-sensitive settings (HIPAA/PHI), and repeatedly successful at mastering new application stacks quickly in every industry served. Fluent in English and Spanish.

CORE SKILLS

- **Desktop & Tier 2 Support:** Windows 11/10, macOS, Microsoft 365, hardware lifecycle management, software deployment, onboarding/offboarding
- **Endpoint Management:** Microsoft Intune, SCCM, Jamf Pro — procurement, imaging, enrollment, patching, compliance
- **Identity & Access:** Active Directory / Azure AD (Entra ID), Okta SSO, Duo MFA, least-privilege access
- **Remote Access:** Cisco AnyConnect VPN, Cloudflare WARP (ZTNA), TeamViewer
- **Conference Room Technology:** Zoom Rooms (Logitech, Cisco, iPads), AV troubleshooting (firmware, PoE, USB/HDMI, audio)
- **ITSM & Documentation:** ServiceNow, Jira Service Management, Freshservice, Confluence knowledge base
- **Security & Automation:** CrowdStrike Falcon, PowerShell, Bash

PROFESSIONAL EXPERIENCE

IT Support Engineer — KAYAK Software Corporation

Cambridge, MA | Aug 2023 – Present

- Front-line Tier 2 escalation point across two offices and remote teams; handled 100+ tickets/week on Microsoft 365, Windows, and macOS while maintaining SLAs.
- Owned onboarding/offboarding and hardware lifecycle end to end: procured, imaged, enrolled, and deployed devices via Intune/JAMF; scripted health checks and remediations in PowerShell/Bash.
- Managed 20+ conference rooms (Zoom Rooms on Logitech, Cisco, and iPad hardware) — firmware updates, cabling/PoE, USB/HDMI, and audio issues — measurably reducing recurring room failures.
- Resolved identity/SSO sign-in and token issues (Okta, Azure AD); implemented least-privileged access controls.
- Supported executives and VIP stakeholders during high-impact incidents with clear status, risk, and ETA communication; maintained the team knowledge base in Confluence.
- Supported security posture via CrowdStrike Falcon agent health/alert triage and Cloudflare WARP secure remote access deployment.

IT Client Support — Tufts University

Somerville, MA | Mar 2023 – Aug 2023

- Supported 150+ laptops and mobile devices for faculty, staff, and students; resolved 50+ Windows/Mac tickets monthly via ServiceNow and TeamViewer; performed maintenance, upgrades, and software deployments with SCCM, Intune, PowerShell, Microsoft 365, and Google Workspace.

IT Support Consultant — Multiple Clients (Contract)

Boston, MA | 2020 – 2022 • Clients: Stericycle, Mass General Brigham, East Boston Neighborhood Health Center

- Provided desktop support for 300+ users across healthcare and corporate environments on Windows, Office 365, and core business applications — rapidly learning each client's application stack to deliver from week one.
- Imaged and deployed laptops with SCCM and Intune; automated software/patch deployments, cutting device setup time 25% with 95% rollout success.
- Managed Azure AD/Entra, Duo MFA, SSO, and Cisco AnyConnect VPN remote access for 100 employees.

Help Desk Support (Naval Hospital) — U.S. Navy

Yokosuka, Japan | Feb 2017 – Feb 2019

- Delivered Tier 1/2 support for 500+ Windows and macOS endpoints in a regulated medical environment; resolved 50 tickets weekly at >95% SLA with clear RCA documentation.
- Managed Active Directory user accounts and endpoint baselines (Intune, JAMF Pro), reducing user-reported issues ~30%.
- Provided executive/VIP support to command staff during briefings and live incidents; protected PHI/HIPAA-sensitive workflows under strict confidentiality and documentation standards.

EDUCATION & CERTIFICATIONS

IT Support Certificate — Bunker Hill Community College • Okta Certified Professional (in progress) • CompTIA Security+ (planned)
